INTRODUCTION

PROUDLY AUSTRALIAN

We are a proud 100% Australian owned manufacturer of premium tile & stone installation systems. We maximise the use of Australian raw materials and suppliers to support our local economy.

Based in Rocklea, Queensland, our fully automated state of the art production facility produces the highest quality products for the tiling, flooring and waterproofing trades in the construction and building industry.

EXPERIENCE

With over 35 years of industry knowledge & experience we know what fixing systems and products work and back it up with an industry best 15 Year product warranty.

Premium quality product and exceptional customer service are at the core of our business. Choosing ACT Australia as your partner will guarantee superior product range and personalised approach tailored to your individual circumstances.

QUALITY

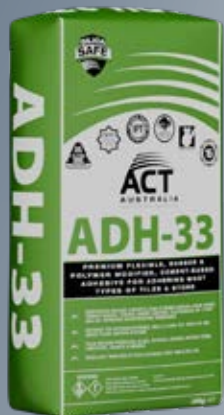

With our strict in-house quality control testing practices, you can be sure the product you've sourced for your investment is of the highest quality... every time.

INNOVATION

Our R&D team continuously evaluates new raw materials as they become available. It enables ACT Australia to be at the forefront of technology and innovation including our recent development of ADH-77 Soundflex Adhesive and SPECTRUM FUTURA Lightweight Coloured Grout.
